## **Jeff Anderson Named Wisconsin State Controller**

**Madison**-Department of Administration (DOA) Secretary Scott Neitzel announced today that Deputy State Controller Jeff Anderson has accepted the position of Wisconsin State Controller effective immediately.

“Serving as Deputy Controller since 2014 makes Jeff uniquely qualified for this position,” Secretary Neitzel said. “As State Controller, Jeff will provide direction and guidance in all financial management related matters of state government.”

After graduating from the University of Wisconsin School of Business, Jeff began his career at DOA in 1984 as an Account Specialist. He managed the State’s cash management operations from 2004 to 2014 at which time he became the Deputy Controller. Jeff was also asked by the U.S. Treasury to assist in identifying requirements for the transfer of federal funds to the states. Jeff is a Certified Public Accountant and a principal member of the National Association of State Auditors, Comptrollers and Treasurers. Most recently, Jeff has been involved in managing several conversion projects for the state’s new financial system known as STAR.

As State Controller, Jeff will, among other things, establish policies and procedures for the State of Wisconsin financial management systems which integrate State Finance with the State Budget Office and the state agencies, enforce compliance with state financial policies, and oversee the preparation of the State's Annual Fiscal Report and Comprehensive Annual Financial Report.
